INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Domus Kids, Inc.

We have audited the accompanying financial statements of Domus Kids, Inc., which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Domus Kids, Inc. as of June 30, 2016 and 2015 and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

1. Organization

Domus Kids, Inc. (“Domus”) is a not-for-profit organization serving children and families through a variety of programs within the Fairfield and New Haven County communities.

Domus shares corporate office space and other general and administrative costs and services with Trailblazers Academy, Inc. (“Trailblazers Academy”), and Stamford Academy, Inc. (“Stamford Academy”), which are affiliated through common management, but are each governed by a separate Board of Directors.

Program Services – Domus provides the following services:

Domus SWET – Domus SWET serves eight young men, who are age 18 to 23, on parole, and referred to Domus by various State agencies. The youth live in a supervised apartment setting and are responsible for their own cooking, shopping, and cleaning. Domus works with them to strengthen their independent living skills and avoid re-arrest, and the job developer supports their education, vocational training, soft job skills, and eventual employment.

Passages – Passages provides housing and services to adolescent males ages 14 to 19 who are placed there by the Connecticut Department of Children and Families (“DCF”). The youth live in a group home setting; activities focus on life skills training and educational attainment with the goal of making a successful transition to post-secondary training, education, or the skilled workforce. The youth also receive group and individual counseling, therapeutic recreation and health care.

Chester Addison Community Center – The Chester Addison Community Center provides services to residents of Southwood Square and the surrounding Waterside district in Stamford, Connecticut. Educational, recreational and life skills programs are provided to a variety of age groups.

Domus Academy – Domus Academy is a New Haven public turnaround middle school serving approximately 48 students who have been unsuccessful in a traditional school environment and need a smaller school and individualized attention to meet their full potential. Closely following the successful Domus charter middle school model, Domus Academy offers small classes, free breakfast and lunch, and Domus’ Family Advocates to help every student thrive socially and emotionally while they catch up academically.

Lion’s Den – The Lion’s Den out-of-school-time program serves the students of Trailblazers Academy, who attend the program before and after school, where they receive tutoring, homework help, recreation, youth and family counseling, and other assorted activities. Youth workers, high school and college students, and certified teachers staff the program.

Program Services (continued)

After-School Programming at Turn of River and KT Murphy – Domus operates after-school programs at the Turn of River Middle School and KT Murphy Elementary School in Stamford. The programs offer a diverse array of recreational and academic enrichment programming, providing a safe space for over 100 students at each school to build new skills, improve their academic outcomes, and build relationships with caring adults.

Family Advocates – Family Advocates help students and their families address social, emotional, and life challenges to reduce their impact on school-day learning. Family Advocates work in the Domus schools and the Stamford Public Schools.

The Trafigura Work and Learn Business Center – The Trafigura Work and Learn Business Center is a youth employment program comprised of several youth-run businesses. Working alongside professionals, youth are paid while they learn vital hard and soft skills which help them get and keep jobs. The program's target population is Stamford youth aged 14 to 25 at high risk for adult unemployment and/or justice system involvement. Businesses include bike repair, small engine repair, culinary, nail-hair salon and woodworking.

Prison Visitation Program – The Prison Visitation Program provides transportation to area prisons for relatives and children of prisoners in the criminal justice system. The program is funded by DCF.

Bridgeport Detention Center Summer Program – The Bridgeport Detention Center ("BDC") Summer Program is a summer academic enrichment program conducted at BDC through a contract with the State Court Support Services Division, who funds the program. Staff work with youth detained at BDC prior to sentencing or after sentencing but before assignment to a correctional facility on academic, social, and emotional skill building and enrichment.

Special Initiatives – Special Initiatives encompasses incubation/pilot efforts and organization-wide initiatives such as implementing the Sanctuary Model of trauma-informed care, providing holiday support to children and families in our care, and supporting our data collection and analysis initiatives associated with our efforts to become a more data-driven organization.

2. Summary of Significant Accounting Policies

Basis of Presentation and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates. Some of the more significant estimates required to be made by management include the allowance for uncollectible receivables and allocation of certain functional expenses.

Net assets are classified as unrestricted, temporarily restricted or permanently restricted based upon the existence or absence of donor-imposed restrictions limiting the use of the contributed assets as follows:

Unrestricted Net Assets - Net assets that are not subject to donor-imposed restrictions, including net assets set aside for program support, emergency needs and long-term investment as and when approved by the Domus' Board of Directors ("Board Designated Unrestricted Funds").

Temporarily Restricted Net Assets - Net assets subject to donor-imposed restrictions that either expire by the passage of time or can be fulfilled or otherwise removed by actions of Domus.

Permanently Restricted Net Assets - Net assets subject to donor-imposed restrictions that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of Domus. Domus did not have any permanently restricted net assets at June 30, 2016 and 2015.

Allowance for Uncollectible Receivables

An allowance for uncollectible receivables is estimated based on a combination of historical bad debts, aging analysis and any specifically known troubled accounts. Management has concluded that an allowance is not required at June 30, 2016 and 2015.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on deposit and short-term investments having maturities of three months or less at the time of purchase, excluding cash held in investment accounts.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements

Domus follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Investments and Investment Income

Investments are reported at fair value in the statement of financial position. Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains include Domus' gains and losses on investments bought and sold as well as those held during the year are included in the determination of net assets.

Domus' Investment Committee determines Domus' valuation policies and procedures. The Committee utilized information provided by the investment brokers and foundation with which investments are held to value investments.

Investment in Limited Partnership

The investment in limited partnership represents an interest in the non-voting, restricted Class A and Class B units of an operating limited partnership contributed to Domus in August 2013. This investment was valued at the estimated fair value on the date the contribution was received and is accounted for under the cost method. Under the cost method, income distributed to Domus from the accumulated earnings of the limited partnership is recorded as revenue in the period received, net of unrelated business income tax. Income distributed to Domus in excess of accumulated earnings of the limited partnership is considered a return of investment and recorded as a reduction of the cost of the investment. This investment was sold during the year ended June 30, 2016 (see Note 6).

Beneficial Interest in Assets Held by Others

Beneficial interest in assets held by others represents investments held by The Fairfield County Community Foundation, Inc. ("FCCF") on behalf of Domus, which are recorded as unrestricted net assets. The beneficial interest in assets held by others is reported at estimated fair value in the statements of financial position.

Revenue Recognition

Domus recognizes revenue from government grants and contracts, which are treated as exchange transactions, and from service fees charged to affiliated organizations, in the period in which the services are provided.

Domus Kids, Inc.

Notes to Financial Statements
June 30, 2016 and 2015

2. Summary of Significant Accounting Policies (continued)

Property and Equipment

Property and equipment is stated at cost, or, if donated, at fair value at the date of donation. Depreciation of property and equipment is provided using the straight-line method over the estimated useful lives, which are generally between three and seven years. Purchases or donations of property and equipment of less than \$5,000 are generally expensed.

Contributions

Contributions are recognized when the donor makes a promise to give to Domus that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are received. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires or is otherwise satisfied, temporarily restricted net assets are reclassified to unrestricted net assets.

Contributed Goods and Services

Donated goods and services are recognized as contributions if they either: a) create or enhance non-financial assets, or b) require specialized skills, are performed by people with those skills and would otherwise be purchased by Domus if not donated. Numerous volunteers have donated time to Domus' programs. However, the general volunteer services did not meet the criteria for recognition in the financial statements for the years ended June 30, 2016 and 2015.

Impairment or Disposal of Long-lived Assets

U.S. GAAP requires that long-lived assets and certain identifiable intangible assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of the long-lived assets is measured by a comparison of the carrying amount of the assets to future undiscounted net cash flows expected to be generated by the assets. No impairment losses have been recorded to date.

Functional Expenses

Domus allocates its expenses on a functional basis among its program, management and general and fundraising activities. Expenses that can be specifically identified with a program or support service are allocated directly according to their natural classifications. Other expenses that are common to several functions are allocated based on estimates made by management. Domus has adopted and follows a cost allocation plan in accordance with Connecticut state regulations.

Domus Kids, Inc.

Notes to Financial Statements
June 30, 2016 and 2015

2. Summary of Significant Accounting Policies *(continued)*

Income Taxes

Domus is generally exempt from income tax under Section 501(c)(3) of the U.S. Internal Revenue Code; however, Domus is subject to tax on unrelated business activities, primarily those that flow through from its limited partnership investment. Domus recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that Domus had no uncertain tax positions that would require financial statement recognition or disclosure. Domus is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to July 1, 2013.

Measure of Operations

Domus has elected to include an operating measure in its statement of activities (excess (deficit) of operating revenue and support over expenses). The measure of operations includes all grants, contributions and other support, revenue and expenses with the exception of realized and unrealized gains and losses from its investments, beneficial interest in assets held by others, and investment in limited partnerships. Significant, non-routine contributions designated by the board at the time of receipt as an asset to be held for long-term investment are also reported outside of the measure of operation.

Reclassifications

For purposes of comparison, certain reclassifications have been made to the accompanying June 30, 2015 financial statements to conform to the June 30, 2016 presentation, with no effect on Domus' total net assets or change in net assets.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date the financial statements were available to be issued, which date is January 6, 2017.

3. Concentration of Risk

Financial instruments that potentially subject Domus to significant concentrations of credit risk consist principally of cash and cash equivalents, investments and governmental grants. At times, cash balances held at financial institutions may be in excess of federally insured limits. Domus has not experienced any losses in its cash deposits. Domus' investments consist of money market funds and a U.S. Treasury note. The money market funds are not protected by federal depository insurance. The value of the U.S. Treasury note is subject to fluctuations due to general market conditions and interest rates.

A significant portion of Domus' support and revenue is derived from government sources. As with all government funding, this funding may be subject to reduction or termination in future years. Any significant reduction in these grants could have a negative impact on Domus' program services. Domus received approximately 35% of its revenue and support from government sources for the years ended June 30, 2016 and 2015.
