Summer camps served 350+ kids!

Thanks to the [Steven & Alexandra Cohen Foundation](#), we were able to serve an additional 50 children at our East Side summer camp-- between that site and our Chester Addison Community Center camp, we hosted over 350 children for academics, skill building, and fun. **We also stopped *summer slide*(when low-income children losing academic ground to higher-income peers) for the third year in a row!** Very grateful to the Cohens and [Fairfield County's Community Fund](#) for their support.
