

Sixth Annual Stamford Academy Career Conversation

·Where: 229 North Street, Stamford

·When: Friday, November 17, 2017

·Timing: 9:00a instructions & orientation; 10:00a career conversations; 12:00 pizza with the students

From aviators to zoo keepers, all careers/jobs welcome! We are just as interested in careers that do not require a bachelor degree!

Meet with 4 small groups of 6 to 10 students for 30 minutes each.

...by listening to their story you can share your story of what did and didn't work when you were their age.

Small groups of students rotate through the classroom 4 times. You and 2 other volunteers share your story using the 4 guiding questions and ask the kids about their work experience and job/career hopes and plans.

- Finding a job
- Beginning to work
- Keeping interested
- Advancing in the company

For more information & to volunteer email Julia Wade jwade@domuskids.org

Stamford Academy is a charter high school working with the area's most troubled high school aged youth. Domus often meets these young people for the first time as teenagers. Over-age and under-credit, typically students arrive reading 4 to 7 grades behind their peers and struggling with many of life's most pressing problems. <http://www.stamfordacademy.org>
